PLAN CHANGE OF CITY GOVERNMENT

PLAN CHANGE FO CITY GOVERNM BUSINESS MEN TO INITIATE PETITION FOR COMMISSION FORM

COMMERCIAL CLUB TO DISCUSS PROPOSITION

Present Form Does Not Permit of Efficient Management of City Affairs Is Opinion Expressed.

At a meeting of a number of business men held at the Commercial Club rooms last night, it was decided to take steps to submit to the voters the proposition of changing to the commission form. A general meeting of the members of the Commercial Club will be held next Tuesday evening and the proposition will be discussed at length.

It is necessary for a petition containing twenty-five per cent of the total vote cast for mayor at the last city election to be submitted to the city council calling for a special election for this purpose. As the number of votes cast for mayor at the last election was 808 it is necessary for a petition to contain 202 signers. The plan is to submit the petition to the council at their meeting night December 6 and that the election be held Wednesday, Jan. 15.

Maryville at present is operating as a fourth class city and the present form of government does not permit of efficiency in the management of city affairs. Under the commission form the only men to be elected would be a mayor and two members of the city council.

The state law provides:

"Any city of the third class, or any city whose population would entitle it to be a city of the third class, may adopt the so-called commission form of government.

"Only a majority vote, not a two-thirds vote, is required to carry the proposition.

"Adoption of commission government automatically adopts the laws applicable to cities of the third class.

"All by-laws, ordinances and resolutions in force before the adoption of commission government continue in force unless altered or repealed.

"The three officers are elected from the city at large without regard to ward lines.

"A primary is held to nominate candidates for mayor and councilmen two weeks before the regular city election, each two years.

"The council possess and exercises every sort of power vested in the city government. The powers of the city are distributed among five departments as follows: Department of public affairs, department of accounts and finance, department of public safety, department of parks and public improvements, department of parks and public property. Two or more of these departments may be assigned to one officer.

"The council has authority to determine the powers and duties of all officers and in general, run the city as a private enterprise would be run.

"The council may create, abolish, appoint to and denote from the following offices as it sees fit: City clerk, city attorney, assessor, treasurer, auditor, city engineer, city physician, marshal, fire chief, police judge, market master, street commissioner, three library trustees ,any other officers or assistants.

"Every measure appropriating money, or providing for any street or sewer improvement, or any contract or franchise, must be on file in form passed at the city clerk's office for one week before passage. All franchises can be granted only by a majority vote of the city.

"An itemized statement of receipts and expenses must be printed every three months in pamphlet form for the information of the public.

"Elective officers may be recalled by presentation to the council of a petition containing the names of at least 25 per cent of the number of voters who voted for all candidates for mayor at the previous election.

"By petition the voters may submit a proper ordinance to the city council, petitions to be the same as in recall elections."

Many of the citizens believe that this form of government should be adopted for Maryville. They point out that with only three men to elect instead of a mayor, members of the board of aldermen, city marshal, and city collector, that better men could be secured. Another feature is that these commissioners could select a city manager to run the affairs of the city.

MRS. G. H. COLBERT URGES ACTION ON SOLDIER'S MEMORIAL

A GUILFORD MAN'S IDEA

Carl Wray, Banker, Suggests Triumphal Arch at Prominent Street Intersection.

Suggesting that plans be started at once looking toward the erection of a memorial to Nodaway county soldiers, Mrs. G. H. Colbert of Maryville, writes as follows:

Editor Democrat-Forum: A Y. M. C. A. by all means, and let us strike while the iron is hot; let us give while we still have the habit.

How shall we raise the money? By a drive exactly like the one the United War Work has just completed.

How about our Catholic boys? We could omit the Y. M. C. A. entirely and simply call it "The Hut" as the ministers suggest, or "Memorial Hut." And why not have one room whose walls shall be lined with the pictures of every Nodaway soldier. Let there be a tablet bearing the names of the dead, and at the entrance to the Hut, so that all who pass may understand. Let there be a figure or group in sculpture symbolic of the great cause for which our boys offered their lives.

Respectfully,
MRS. GEO. H. COLBERT.

Carl Wray, cashier of the Bank of Guilford, offers a practical suggestion in the following letter to the Democrat Forum:

Democrat-Forum: Looks like a concrete answer to an (as yet) abstract thing. There should of course be a memorial. It should be situated on the Court House square or at least in a central location. A circle at a prominent street intersection would be in good taste, but would perhaps be difficult to provide. A triumphal arch, on a base of marble, with the names of Nodaway county men, who gave their lives in France inscribed on the base, or a bronze tablet on the base bearing said names, surmounting the arch a replica of "Liberty enlightening the world" with a torch, lighted at night, in a way to at all times, bring out the arch in good manner and effect. Let it be known as "The Man From Nodaway."

Let the fund be gathered by popular subscription—by the school children of Nodaway county—by appropriation by the county, if need be, if lawful.

A fine place for a circle could be obtained by cutting either the southwest or northwest corner of the public square enough to permit free passage on either side of the memorial.

I have not given the matter a thot before, aside from wishing that something appropriate might be done, in line with what is proposed to be done at St. Joseph and Kansas City as well as other places. Nodaway county is never behind in any good movement Another suggestion. The sides of the arch could well be ornamented by the insignias of the various organizations which have worked for the alleviation of suffering and the comfort of the soldiers, namely the Red Cross, the Knights of Columbus, Salvation Army, Jewish Welfare Association, Y. M. C. A., War Camp Community Service

Very truly,
CARL WRAY, Cashier.

Pope Will Leave Rome?

London, Nov. 27.—It is rumored among the employees at the Vatican that members of the pope's entourage "are convinced that the pope will be compelled to leave Rome within six months after the conclusion of peace," said a dispatch to the Daily News from Rome today.

In Thanksgiving

(By Rev. Gilbert S. Cox)

Not since Thanksgiving 1621, have circumstances been so similar and significant as those of Thanksgiving, 1918.

The artist has pictured the "Spirit of '76." He might have with equal force portrayed the Spirit of 1621. For as the Pilgrims gave thanks not for abundance of harvests and pleasant surroundings, but for the opportunity of building a new world, freed from oppression; so we in this great day celebrate not because the world is blessed with abundance and prosperity, but because of the opportunity of beginning anew the construction of a world, a fit dwelling place for the last and the least ofthe races of mankind.

As our greatest task is before us, so was theirs. But in the providence of God the barriers to progress had been removed for them and in our day it seems that the greatest enemy of peace and brotherhood has finally been forced to an unconditional surrender.

As poverty and privation were ghosts at the first Thanksgiving feast, there was never more sorrow, poverty and need than in our day. But these need not mar our gratitude nor hinder us from a full appreciation of the wonderful military victory of our fighting forces.

As enemies known and unknown lurked about that rude table so they do about ours. But the same spirit of faith in the ultimate success of justice, liberty and democracy, still leads on. Our confidence in righteousness as opposed to force, brutality, intrigue and jealousy has again been sustained by the success of our arms. We therefore join hands with those of 1621 and with increased devotion to their great cause give thanks to God for all His benefits in this our day.

CHURCH MUST AWAKE

DR. C. C. GRIMES POINTS RESPONSIBILITY IN ADDRESS

HEAR CENTENARY PLANS

Illustrated Lecture at M. E. Church, South, Last Night.—Launch Drive in April or May.

Dr. C. C. Grimes, Rev. H. R. Moose and Miss Mary Pyle outlined in a very clear manner the duty of each member of the Methodist Church South and also the Methodist Episcopal church, in relation to their part in the Centenary Movement at the Buchanan Street Methodist Church yesterday afternoon and evening.

There was quite a large crowd at the evening session to see the pictures of Mr. Moose. These views gave one an idea of the work in which Mr. Moose is engaged as a missionary to Korea. There were quite a number of scenes also of China, where Miss Pyle is located, and of Africa, South America and Mexico. The views were educational, entertaining and gave a suggestion as to the possibilitiesthat may be obtained in the foreign field thru missionaries. The lecturer pointed out the need for such a move as the Centenary in presenting the pictures.

At the conclusion of the illustrated lecture Dr. Grimes traced clearly the part foreign missions played in preventing Japan from joining with Germany in her desire for world dominion Dr. Grimes says that the one thing which kept Japan from breaking her treaty with Great Britain was the enlightening influence of the gospel of Jesus Christ spread throughout that empire by our missionaries in the last sixty years.

He also pointed out our position in the eyes of South America. Previous to the world war the United States was held somewhat in contempt by our sister republic due largely to the dominating influence of German intrigue. But since we have come into close contact with those people and the part we have played in the war there has been a complete revolution in the minds of the South American statesmen.

Dr. Grimes believes that now is the time for the church to wake up to its responsibility in the reshaping of the world's trend. That the church must not wait until affairs become more settled as it has done in former times of national disturbances, but must assert herself now.

He stated that men of national prominence who had acted as ministers and ambassadors were compelled almost to be adepts in deceit in filling diplomatic positions, which was very humiliating to them as public citizens. He believes the time has come when men in high places may stand firm upon principles of fair dealing without fear of being tricked by fellow statesmen.

This team of workers is preparing the way for the main drive which will be launched probably in April or May.

The ladies of the church prepared an excellent six o'clock dinner for the visiting delegates and others and it was enjoyed to the fullest by a large number.

KEEP UP STRICT QUARANTINE

Mayor Garrett Would Like to Know of Any Violation of the Regulations.—Physicians Must Aid.

According to Mayor W. O. Garrett and Dr. F. M. Ryan, city physician, influenza conditions are greatly improved. There is reason, however, that a strict quarantine continue to be enforced. Kansas City and other towns have been forced to again close their schools and places of public gatherings. With the epidemic having practically been checked here, Mayor Garrett said this morning that with the co-operation of the physicians of the city in reporting to the health department every new case together with the cases that might be released from quarantine, he believed that drastic measures would not again be necessary.

"Control of the epidemic lies practically with the physicians," said the mayor, "and if they will report to me all cases for quarantine as well as those who may be released, I am sure that we can keep it in hand. So far as I am able to learn this is being done and if it is not being done I want to know it."

Mayor Garrett said it was unfortunate that the county court had taken no action in regard to the quarantine, as without some means of regulating cases in the rural districts, Maryville is at a distinct disadvantage in preventing a spread of the epidemic.

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

A Real Service to the Nation

Suppose that the longer life of Republic Tires saves you only the cost of one full set in a year's time.

Isn't that well worth considering?

That the Prodium Process of toughening Republic Rubber—a secret formula—does increase mileage and reduce the yearly investment, is a certainty.

Any Republic user who has kept a record will tell you so.

Republic Tires wear down slowly—like a piece of steel—as we have so often said.

And yet—the Republic abounds with life, and spring, and resilience.

If the Republic reduces the yearly tire-bill by only one set—isn't that a service of some size to the nation?

PLAN CHANGE OF CITY GOVERNMENT

PLAN CHANGE FO CITY GOVERNM BUSINESS MEN TO INITIATE PETITION FOR COMMISSION FORM

COMMERCIAL CLUB TO DISCUSS PROPOSITION

Present Form Does Not Permit of Efficient Management of City Affairs Is Opinion Expressed.

At a meeting of a number of business men held at the Commercial Club rooms last night, it was decided to take steps to submit to the voters the proposition of changing to the commission form. A general meeting of the members of the Commercial Club will be held next Tuesday evening and the proposition will be discussed at length.

It is necessary for a petition containing twenty-five per cent of the total vote cast for mayor at the last city election to be submitted to the city council calling for a special election for this purpose. As the number of votes cast for mayor at the last election was 808 it is necessary for a petition to contain 202 signers. The plan is to submit the petition to the council at their meeting night December 6 and that the election be held Wednesday, Jan. 15.

Maryville at present is operating as a fourth class city and the present form of government does not permit of efficiency in the management of city affairs. Under the commission form the only men to be elected would be a mayor and two members of the city council.

The state law provides:

"Any city of the third class, or any city whose population would entitle it to be a city of the third class, may adopt the so-called commission form of government.

"Only a majority vote, not a two-thirds vote, is required to carry the proposition.

"Adoption of commission government automatically adopts the laws applicable to cities of the third class.

"All by-laws, ordinances and resolutions in force before the adoption of commission government continue in force unless altered or revealed.

"The three officers are elected from the city at large without regard to ward lines.

"A primary is held to nominate candidates for mayor and councilmen two weeks before the regular city election each two years.

"The council possess and exercises every sort of power vested in the city government. The powers of the city are distributed among five departments as follows: Department of public affairs, department of accounts and finance, department of public safety, department of parks and public improvements, department of parks and public property. Two or more of these departments may be assigned to one officer.

"The council has authority to determine the powers and duties of all officers and in general, run the city as a private enterprise would be run.

"The council may create, abolish, appoint to and denote from the following offices as it sees fit: City clerk, city attorney, assessor, treasurer, auditor, city engineer, city physician, marshal, fire chief, police judge, market master, street commissioner, three library trustees ,any other officers or assistants.

"Every measure appropriating money, or providing for any street or sewer improvement, or any contract or franchise, must be on file in form passed at the city clerk's office for one week before passage. All franchises can be granted only by a majority vote of the city.

"An itemized statement of receipts and expenses must be printed every three months in pamphlet form for the information of the public.

"Elective officers may be recalled by presentation to the council of a petition containing the names of at least 25 per cent of the number of voters who voted for all candidates for mayor at the previous election.

"By petition the voters may submit a proper ordinance to the city council, petitions to be the same as in recall elections."

Many of the citizens believe that this form of government should be adopted for Maryville. They point out that with only three men to elect instead of a mayor, members of the board of aldermen, city marshal, and city collector, that better men could be secured. Another feature is that these commissioners could select a city manager to run the affairs of the city.

NO PAPER TOMORROW.

Tomorrow being Thanksgiving Day, the Democrat-Forum will observe the holiday and no paper will be issued.

ORGANIZE K. OF C. COUNCIL

Lodge Will Be started at Conception Sunday.—St. Joseph, St. Louis and Maryville Teams to Attend.

A Knights of Columbus council will be instituted at Conception next Sunday with about sixty-five members. This will be one of the largest meetings held in the county and will be attended by about 250 members.

District Deputy J. J. Tashaus of St. Joseph will be the presiding officer and State Deputy Luke E. Hart of St. Louis will also be in attendance.

The first degree work will be exemplified by the Maryville degree team, the second by the St. Joseph team and the third degree by the St. Louis team. Following the lodge work a banquet will be served the visitors in Conception hall.

START PLANS NOW

MRS. G. H. COLBERT URGES ACTION ON SOLDIER'S MEMORIAL

A GUILFORD MAN'S IDEA

Carl Wray, Banker, Suggests Triumphal Arch at Prominent Street Intersection.

Suggesting that plans be started at once looking toward the erection of a memorial to Nodaway county soldiers, Mrs. G. H. Colbert of Maryville, writes as follows:

Editor Democrat-Forum: A. Y. M. C. A. by all means, and let us strike while the iron is hot; let us give while we still have the habit.

How shall we raise the money? By a drive exactly like the one the United War Work has just completed.

How about our Catholic boys? We could omit the Y. M. C. A. entirely and simply call it "The Hut" as the ministers suggest, or "Memorial Hut." And why not have one room whose walls shall be lined with the pictures of every Nodaway soldier. Let there be a tablet bearing the names of the dead, and at the entrance to the Hut, so that all who pass may understand. Let there be a figure or group in sculpture symbolic of the great cause for which our boys offered their lives.

Respectfully,

MRS. GEO. H. COLBERT.

Carl Wray, cashier of the Bank of Guilford, offers a practical suggestion in the following letter to the Democrat Forum:

Democrat-Forum: Looks like a concrete answer to an (as yet) abstract thing. There should of course be a memorial. It should be situated on the Court House square or at least in a central location. A circle at a prominent street intersection would be in good taste, but would perhaps be difficult to provide. A triumphal arch, on a base of marble, with the names of Nodaway county men, who gave their lives in France inscribed on the base, or a bronze tablet on the base bearing said names, surmounting the arch a replica of "Liberty enlightening the world" with a torch, lighted at night, in a way to at all times, bring out the arch in good manner and effect. Let it be known as "The Man From Nodaway."

Let the fund be gathered by popular subscription—by the school children of Nodaway county—by appropriation by the county, if need be, if lawful.

A fine place for a circle could be obtained by cutting either the southwest or northwest corner of the public square enough to permit free passage on either side of the memorial.

I have not given the matter a thot before, aside from wishing that something appropriate might be done, in line with what is proposed to be done at St. Joseph and Kansas City as well as other places. Nodaway county is never behind in any good movement Another suggestion. Pope Will Leave Rome?

London, Nov. 27.—It is rumored among the employees at the Vatican that members of the pope's entourage "are convinced that the pope will be compelled to leave Rome within six months after the conclusion of peace," said a dispatch to the Daily News from Rome today.

In Thanksgiving

(By Rev. Gilbert S. Cox)

Not since Thanksgiving 1621, have circumstances been so similar and significant as those of Thanksgiving, 1918.

The artist has pictured the "Spirit of '76." He might have with equal force portrayed the Spirit of 1621. For as the Pilgrims gave thanks not for abundance of harvests and pleasant surroundings, but for the opportunity of building a new world, freed from oppression; so we in this great day celebrate not because the world is blessed with abundance and prosperity, but because of the opportunity of beginning anew the construction of a world, a fit dwelling place for the last and the least ofthe races of mankind.

As our greatest task is before us, so was theirs. But in the providence of God the barriers to progress had been removed for them and in our day it seems that the greatest enemy of peace and brotherhood has finally been forced to an unconditional surrender.

As poverty and privation were ghosts at the first Thanksgiving feast, there was never more sorrow, poverty and need than in our day. But these need not mar our gratitude nor hinder us from a full appreciation of the wonderful military victory of our fighting forces.

As enemies known and unknown lurked about that rude table so they do about ours. But the same spirit of faith in the ultimate success of justice, liberty and democracy, still leads on. Our confidence in righteousness as opposed to force, brutality, intrigue and jealousy has again been sustained by the success of our arms. We therefore join hands with those of 1621 and with increased devotion to their great cause give thanks to God for all His benefits in this our day.

Baruch Wilson's Choice.

Washington, Nov. 27.—It is rumored today that Barnard Baruch was President Wilson's choice for secretary of treasury. Friends of Joseph W. Folk are putting him forward as director of railroads.

CHURCH MUST AWAKE

DR. C. C. GRIMES POINTS RESPONSIBILITY IN ADDRESS

HEAR CENTENARY PLANS

Illustrated Lecture at M. E. Church, South, Last Night.—Launch Drive in April or May.

Dr. C. C. Grimes, Rev. H. R. Moose and Miss Mary Pyle outlined in a very clear manner the duty of each member of the Methodist Church South and also the Methodist Episcopal church, in relation to their part in the Centenary Movement at the Buchanan Street Methodist Church yesterday afternoon and evening.

There was quite a large crowd at the evening session to see the pictures of Mr. Moose. These views gave one an idea of the work in which Mr. Moose is engaged as a missionary to Korea. There were quite a number of scenes also of China, where Miss Pyle is located, and of Africa, South America and Mexico. The views were educational, entertaining and gave a suggestion as to the possibilitiesthat may be obtained in the foreign field thru missionaries. The lecturer pointed out the need for such a move as the Centenary in presenting the pictures.

At the conclusion of the illustrated lecture Dr. Grimes traced clearly the part foreign missions played in preventing Japan from joining with Germany in her desire for world dominion Dr. Grimes says that the one thing which kept Japan from breaking her treaty with Great Britain was the enlightening influence of the gospel of Jesus Christ spread throughout that empire by our missionaries in the last sixty years.

He also pointed out our position in the eyes of South America. Previous to the world war the United States was held somewhat in contempt by our sister republic due largely to the dominating influence of German intrigue. But since we have come into close contact with those people and the part we have played in the war there has been a complete revolution in the minds of the South American statesmen.

Dr. Grimes believes that now is the time for the church to wake up to its responsibility in the reshaping of the world's trend. That the church must not wait until affairs become more settled as it has done in former times of national disturbances, but must assert herself now.

He stated that men of national prominence who had acted as ministers and ambassadors were compelled almost to be adepts in deceit in filling diplomatic positions, which was very humiliating to them as public citizens. He believes the time has come when men in high places may stand firm upon principles of fair dealing without fear of being tricked by fellow statesmen.

This team of workers is preparing the way for the main drive which will be launched probably in April or May.

The ladies of the church prepared an excellent six o'clock dinner for the visiting delegates and others and it was enjoyed to the fullest by a large number.

KEEP UP STRICT QUARANTINE

Mayor Garrett Would Like to Know of Any Violation of the Regulations.—Physicians Must Aid.

According to Mayor W. O. Garrett and Dr. F. M. Ryan, city physician, influenza conditions are greatly improved. There is reason, however, that a strict quarantine continue to be enforced. Kansas City and other towns have been forced to again close their schools and places of public gatherings. With the epidemic having practically been checked here, Mayor Garrett said this morning that with the co-operation of the physicians of the city in reporting to the health department every new case together with the cases that might be released from quarantine, he believed that drastic measures would not again be necessary.

"Control of the epidemic lies practically with the physicians," said the mayor, "and if they will report to me all cases for quarantine as well as those who may be released, I am sure that we can keep it in hand. So far as I am able to learn this is being done and if it is not being done I want to know it."

Mayor Garrett said it was unfortunate that the county court had taken no action in regard to the quarantine, as without some means of regulating cases in the rural districts, Maryville is at a distinct disadvantage in preventing a spread of the epidemic.

Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

A Real Service to the Nation

Suppose that the longer life of Republic Tires saves you only the cost of one full set in a year's time.

Isn't that well worth considering?

That the Prodium Process of toughening Republic Rubber—a secret formula—does increase mileage and reduce the yearly investment, is a certainty.

Any Republic user who has kept a record will tell you so.

Republic Tires wear down slowly—like a piece of steel—as we have so often said.

And yet—the Republic abounds with life, and spring, and resilience.

If the Republic reduces the yearly tire-bill by only one set—isn't that a service of some size to the nation?
